Bioengineering Program: Proposed Master's Program of Study
(Only typed forms are acceptable)

Original _____ Revised _____

The proposed Program of Study must be submitted to the Bioengineering Program Office within the first semester of enrollment in the Bioengineering Program. The completed, signed form must be submitted with a brief justification of course selection. This Program of Study is subject to approval by the Bioengineering Graduate Committee, who will evaluate the proposed coursework with regard to depth, breadth, relevance to research objectives, and academic rigor of the proposed courses. Read the Bioengineering Program handbook sections on Program of Study categories and MS degree requirements before completing this form.
